EARTH DAY IS EVERY DAY!

PHOTOGRAPHY: SECONDFOCUS

STUDENT CREATIVE RECYCLE ART PROGRAM

The Student Creative Recycle Art Program, more popularly known as the S.C.R.A.P. Gallery, addresses two of today's most urgent issues – the environment and the education of our youth.

Celebrating it's 11th year of environmental service, the S.C.R.A.P. Gallery's mission is to engage youth as stewards of their environment through a hands-on, concentrated effort stressing the Four R's – Reduce, Reuse, Recycle, Responsibility.

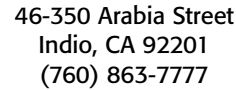

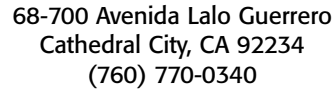

Conservation and reuse through hands-on exploration with discarded materials is promoted at the S.C.R.A.P. Gallery. Arts and science workshops and projects help kids understand complex environmental issues.

Waste prevention field trips are held at the S.C.R.A.P. Gallery's 15,000 square-foot facility located in Indio, California. Students in grades K-12 come from all over Southern California to participate. In addition to the main facility, S.C.R.A.P. also operates a 900 square-foot gallery annex in Cathedral City, California.

The S.C.R.A.P. Gallery is a 501(c)(3) nonprofit organization overseen by Executive Director Karen Riley (pictured) and an eight-member Board of Directors composed of educational and community leaders.

For more details about our programs or to receive our S.C.R.A.P. Gallery Network package, contact us at: 82204 Highway 111, Ste.C, Indio, CA 92201 or by email: scrapgallery@earthlink.net.

EARTH DAY IS EVERY DAY!

As part of the planet, we celebrate our unique environment.

Every Day is Earth Day!

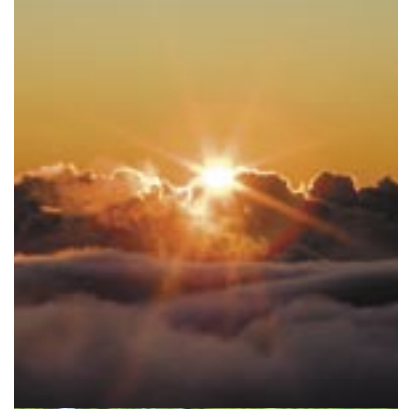

This year's calendar highlights projects that kids are doing under the auspices of the S.C.R.A.P. Gallery-The Art Museum for the Environment. From recycling and reusing materials to reducing their trash, these young artists are making and creating a better place for all of us.

Students, artists, community leaders and volunteers,
all committed to environmental stewardship, are celebrating
and working every day for the Earth.

EARTH DAY IS EVERY DAY EVERYWHERE! WHAT CAN YOU DO TODAY?

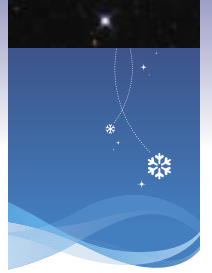

NOTES:

JAN

A new year, a new start for the Earth!
Students from all over the Coachella Valley visit the S.C.R.A.P. Gallery and pledge to do something positive every day to take care of our environment.

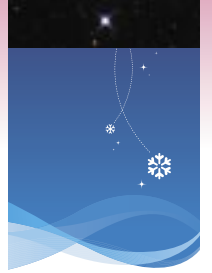

WHAT CAN YOU DO TODAY?

Plant a tree! By planting just one tree, one ton (2,000 pounds) of carbon dioxide will be absorbed by the tree over its lifetime. Carbon dioxide is one of the major gases that contribute to global warming.

WAB

Get creative.
Look at trash in a whole new way!
Take something old and make something new; it's called recycling.

WHAT CAN YOU DO TODAY?

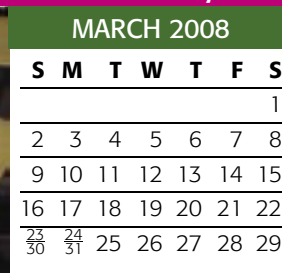

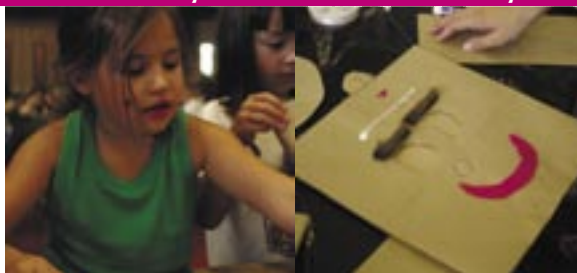

Recycle your paper and buy recycled paper whenever you can.
Last year, Americans recycled 50 percent of all the paper they used.

For more than 30 years, the event that is Earth Day has been celebrated every April 22nd and continues to grow throughout the world. From recycling cans and bottles, to community cleanups, individuals come together to work side by side to protect our environment.

WHAT CAN YOU DO TODAY?

April 22nd is the official start of **Earth Day is Every Day**.
Let others know the simple things they can do today! Log on to www.earthmonthcoachellavalley.org.

WAY

Coachella Valley students compete in the annual Solar Olympics. Students create solar racecars, solar ovens and even solar-inspired art!

WHAT CAN YOU DO TODAY?

Use rechargeable batteries. Regular batteries have mercury, a poisonous chemical. If these batteries are thrown away and sent to the landfill, they can leak into the ground. Rechargeable batteries are made to be reused and can be charged both electrically or by mini-solar panels that are sold at most superstores and/or camping stores!

Artist Jennifer Johnson works with kids at Las Flores Apartments as they give new life to an old fountain. The handmade flower tiles were made from recycled paper clay! This project was a collaboration between LINC Housing and the S.C.R.A.P. Gallery.

WHAT CAN YOU DO TODAY?

Save it! Save your scraps for art and school projects. Reuse both sides of paper or collect used wrapping paper and cards and then see what you can make with it!

Kids learn the clues about recycling with the S.C.R.A.P. Gallery, all part of the Cathedral City Public Library's Summer Reading Program. Reusing plastic CD containers and other scraps, "magnifying glasses" were made to sort out all the trash!

WHAT CAN YOU DO TODAY?

Go to the library and check out a book. Learn all you can about the environment!

AVG

Reducing the amount of trash generated helps our communities and the environment. Each person in the United States generates about 4.3 pounds of trash a day. Use less stuff!

WHAT CAN YOU DO TODAY?

Bring your own bags when you go to the store. Make a reusable bag for your lunch.

STEP

A new form of mask making crafted by local artists shows a new side to recycling and reuse.

WHAT CAN YOU DO TODAY?

It's back to school and back to the computer; however, a screen saver does not save energy! The average desktop computer uses from 60 to 250 watts daily. Turn off the computer after usage and save energy!

Now

Working together helps the environment and our community. When the City of Cathedral City and American Youth Soccer Organization (AYSO) volunteers created the 17-acre Cathedral City Soccer Park, students from nearby James Workman Middle School designed environmentally-themed posters for all the trash receptacles!

WHAT CAN YOU DO TODAY?

Let people know what you have to say about the environment. Create your own environmental poster and display it, with permission of course, in your room, at school, or maybe even City Hall!

THE S.C.R.A.P. GALLERY CAN BE PART OF ANY COMMUNITY. FOR INDIVIDUALS AND ORGANIZATIONS LOCATED OUTSIDE RIVERSIDE COUNTY, THE S.C.R.A.P. GALLERY NETWORK HAS BEEN DEVELOPED TO BRING RECYCLING, ENVIRONMENTAL AND ARTS EDUCATION TO KIDS. S.C.R.A.P. CAN PROVIDE EXPERTISE TO MUSEUMS, SCHOOLS AND ORGANIZATIONS INTERESTED IN STARTING A S.C.R.A.P. GALLERY IN THEIR AREA.
